

Muhammad Dibirov - McLaren 720s:

I've had the pleasure of attending multiple events organized by AYCARS and each one was memorable. Driving among a lineup of supercars with equally passionate drivers creates an experience that's both exciting and unique. The events do a great job of bringing together individuals who share the same enthusiasm, making it easy to connect and build meaningful friendships. The atmosphere is always full of energy, and being surrounded by such beautiful cars leaves you feeling motivated to push yourself harder.

Jayash Sanpal - Bugatti Chiron:

I really enjoy attending AYCARS events every time. The atmosphere is always welcoming, well-organised, and you genuinely feel included from the moment you arrive. It has a very personal touch compared to other events, which makes everyone feel comfortable and valued. Always a great experience.

Shezad Ali - Lamborghini Aventador SVJ:

Thank you to AYCARS for inviting me to his events. The calibre of cars, the people and especially the drive is what makes the event an amazing experience. From supercar to hypercars owners, it's great to be surrounded by like minded individuals. The events are very well organised and exclusive, always looking forward to the next event!

Kamron - McLaren 765LT:

I've genuinely enjoyed being part of your events. They stand out because of the quality of the experience, the professionalism, and the type of people they attract. For me, they've been valuable not only for networking, but also for content, visibility, and building the right relationships. It's rare to find events that combine a strong atmosphere with real business and social opportunities.

Hassan Bachir - Porsche 911 GT3RS:

Thank you AYCARS for always organizing the best events. I've met amazing people in your events. I absolutely love them and I really appreciate all the events you've organized. Alhamdulillah, because we love cars so much it's always so nice to go to events where you see amazing cars.
